HEAR YE! BEAR YE! HEAR YE! READ AND BE WISE! .

READ AND BE WISE!

THE celebrated German and Indian Physicians—Doctors Brothers & Gray—have established a permanent Medical Office in this city, after having travelled the world over in search of knowledge; and, having spent seven years among the Indians for the purpose of getting a thorough knowledge of botany, they flatter themselves qualified to alleviate and cure all complaints to which the human family are subject. We flatter ourselves that, without asking a question, we will tell all who favor us with a call their complaints and symptoms, and guaranty an easy and speedy cure. A decided advantage we have over other Medical men is in the manner we determine the nature and location of the disease, which is by the urine. We require at least two ounces of the first in the morning. The many facilities afforded us by hospital and private practice, in this and foreign countries, warrant us in assuring those who are suffering from private diseases that our treatment is attended with unusually favorable results. Therefore, let no false modesty deter you from making your case known to one who will befriend you. All diseases of the genital organs, whether of recent or long standing, such as gonorrhore, syphilis, gleet, strictures, urinary affections, ulcers upon the body, or in the throat and nose, we treat with that success which few Physicians in the world are capable of. Those who apply in the early stages of the disease are surprised at the little inconvenience and rapidity attending their cure, and those who have suffered from quacks and their mineral poisons will be warranted a permanent cure without mercury. neir mineral poisons will be warranted a permanent cure ithout mercury.

KRAUSER'S PATENT CLOVER-SEED HAR-

KRAUSER'S PATENT CLOVER-SEED HARVESTER

IS BEFORE THE PUBLIC FOR THE FIRST TIME!

I TS utility is beyond comparison with any other farming
implement now in use. It takes the seed from the field,
leaving the straw or grass all standing. It weighs two hundred and fifty pounds, is drawn by one horse, and gathers
from ten to twelve acres per day. The fingers, or teeth,
catch all the heads, the revolving knives cut them off and
throw them back into the box, which will cross a twentyacre field without emptying. The heads are then loaded
into a wagon and taken directly to the mill for cleaning,
thus diminishing the labor three-fourths, and saving all the
seed. This machine comes so low that every furmer will
have it, and pays the manufacturer 300 per cent.

E. WHEELER, Agent for Washington.

CROSS KETS, WASHINGTON TOWNSHIP, CAMDEN CO., N. J., September 4, 1851.

We, the undersigned, do certify that we have seen Mr Krauser's Patent Clover Harvester in operation, and it has given perfect satisfaction. It has gathered many of the farmers' clover in this neighborhood—it is all that Mr. Krau ser and his bills represent it to be. The farmers have given one-half for gathering and threshing.

JOHN F. COOK, JAMES B. COOK, JAMES BRYSON, WILLIAM P. GARWOOD, WM. C. NICHOLSON, JAMES COLLINS, CHARLES LEWIS, PETER H. JONES. THOMAS TUMBLESON.

Long-A-Coming, October 7, 1851.

This is to certify that Mr. G. J. Naylor has gathered cloves off of a sixteen-acre field of mine, which has been pastured two months with ten head of cattle, and it produced six bushels and a half and one peck of seed. I gave him two thirds for gathering and cleaning. I think his machine is first-rate, and answers all the purpose that is intended.

The following points out the profitable nature of the Harvester:

KRAUSER'S PATENT CLOVER-SEED HARVESTER. We have conversed with a number of Farmers, and they are of opinion that there are at least 3,000 acres in each township in Camden or Gloucester county, New Jorsey. Admitting there are but 1,000, it is said that each acre will yield from 1½ to 3 bushels. Reducing it to a certainty of yielding but 1 bushel per acre, what will it cost to gather and thresh 1,000 acres?

1,000 acres?
This Harvester will gather 12 acres per day.
8 acres per day, it will take 5 harvesters 25 da at a cost of Cost of harvesting, &c., 1,000 acres... ..\$500

culation.

Perhaps no invention offers greater inducements for a profitable investment than the Harvester. For an enterprising young man, of good business habits, a large sum of money could without doubt be realized from the sale of rights in the different States of the Union not yet disposed of. By calling at this office, it can be demonstrated satisfactorily that men of moderate capital could not choose a better or more money-paying business.

Mexican Mustang Liniment! THE EVIDENCES ACCUMULATE!

READ the following proof of what we have long que non of all external remedies ever before offered afflicted: afflicted:

"Wm. M. Johnston, No. 112 Second street, Pittsburg, says that he had a severe attack of Rheumatism in his right hip; after suffering some ten days, the left hip also became af fected, and he was obliged to 'hay up.' The pain was constant and excruciating. He had heard of the wonderful effects of the Mustang Liniment in Rheumatism, and determined to try it. One small bottle, thoroughly applied, performed a perfect cure! B. H. Meakings, 189 Walnut street, Cincinnati, was confined to his bed and under treatment of a physician some six weeks with Neuralgia of the whole of his right side, leg, arm, and face. His sufferings were indescribable, and the only cossation from the most agonizing pain was while under the influence of opium or morphine. His did, so, and in two days was able to go about his business, perfectly cured."

did, so, and in two days was able to go about his business, perficely cured."

"The LAME MADE TO WALK.—About the first of April I cut and laid open the fore finger of my left hand, through the bone and across the second joint, nearly dissevering it from the hand, being about two-thirds off. I was fearful that I should lose the use of my finger forever; but I bound it up with the Mexican Mustang Liniment, and it soon healed up, and is now perfectly well, though somewhat scarrified. I used nothing but the Mustang Liniment.

"About one week ago I had the misfortune to cut the cap of my left knee in two with the sharp corner of an axe. The cap was split asunder, and for a day or two I could not use my leg at all, and I was afraid that I would lose its use forever. The cap was cut and eleft to the joint with a deep and alsyming gash, and it gave me great pain and uneasiness, lest I should be entirely deprived of the use of my leg. I applied the Mexican Mustang Liniment, and that alone, in both of the above cases, and I am now quite well, except the cap of my knee is a little swollen, and is tender about the cut, which is healed up and shows a fresh red appearance of about one inch and a half in length and a quarter of an inch in width, but gives me no inconvenience whatever. "I walked fifteen miles yesterday out of the thirty miles from the place where I live near the Sulphur Springs, in Jefferson county, and feel able to walk as many more today. My recovery has been so wonderful that I feel it my duty to make it public, that the world may know the value of the Mexican Mustang Liniment. AARON ROSE.

The Washington Union of this morning says: "The news of the result of the election in this State (Iowa) seems to have stopped somewhere on its way to Washington. We still think it probable that the Democrats have been in the main successful. IT IS POSSIBLE, HOWEVER, THAT THE DEMOCRATIC DISSENSIONS UPON MATTERS LOCAL AND PERSONAL, WHICH WERE THOUGHT BEFORE THE ELECTION TO HAVE PUT THE DEMOCRATIC PARTY IN SOME TEMPORARY PERIL, MAY TURN OUT TO HAVE BROUGHT UPON IT A PAR-TIAL DEFEAT.
